

Reconciliatory Center COI: Two Sticks United

Two Sticks United

COI leadership features equal representation from both the opposing parties between which peaceful and brotherly reconciliation is required.

These specially elected persons are scholars and experts with individual experience through their involvement in this Restoration and Reconciliation Process. The one factor that they share in common, is the conclusion which they all reached, viz. that the Main Purpose of God and the Main Theme of the Bible, is to restore the 12-Tribed Kingdom of Israel as that Entity that God will work through when He establishes His Universal Rule on earth.

This equires that the two greatly divided Houses of Israel, which came about when the Kingdom of Israel was taken away by God from King Solomon 3000 years ago and broken up into two sections, be re-unired. These two sections are frequently referred to in the Bible as “Judah and Israel”.

Both Houses in time were banished from the Land of Israel and exiled amongst the nations – but the Promise of God remained as a Challenge, that He would in the End times restore ‘the Fallen Tabernacle of David’.

The COI Vision entails that we have now reached that Moment in Time. That God is re-awakening His people and calling them together. But insurmountable Stumbling Blocks remain to keep these Two Houses apart. The Final Redemption can NOT take place and God’s Universal Kingdom can NOT be established unless these Two Houses embrace in Peace and re-Unite.
