

The COI Mission and Vision: Reconciliation

The COI Vision promotes peaceful reconciliation to heal the 2700 year rift since the split of the ancient Israel World Empire of King David and Solomon – i.e. preparation for the establishment of the Universal Kingdom of God.

COI leadership features equal representation from both the opposing parties, viz. on the one front: the re-awakening House of Israel, identified by millions of pro-Israel non-Jews from amongst all nations turning to Torah and, on the other front, the House of Judah (Jews and Rabbinic Judaism). These specially elected persons are scholars and experts with individual experience through their involvement in this Restoration and Reconciliation Process. Amongst the vast void of theological differences, the one factor that they share in common is the conviction that the Main Purpose of God and the Main Theme of Scripture is to restore the 12-Tribed Kingdom of Israel as that Entity through which God will reign over the nations in a Universal Kingdom of Peace

Both Houses in time were banished from the Land of Israel and exiled amongst the nations – but the Promise of God remained as a Challenge, that He would in the End times restore 'the Fallen Tabernacle of David' by returning and re-uniting His 12-Tribed Kingdom of Israel.

The COI Vision proclaims that we have now reached that Moment in Time that God is calling His People together. The House of Judah has already returned to the Promised Land and within 70 years of 'rebirth' have established Israel as a leader amongst top nations. In addition, millions of non-Jewish souls across the World are adapting Jewish Torah principles in fast increasing measure as God is calling them to their ancient roots in fulfilment of His Promise to "restore the Fallen Tabernacle of David".

But insurmountable Stumbling Blocks remain to keep these Two Houses apart. The Final Redemption can NOT take place and God's Universal Kingdom can NOT be established until these Two Houses reconcile and embrace in Peace and unity. Join us to work for Reconciliation.
